Fremont's Birthplace.

The Know Nothing *News* publishes a communication inviting us to prove, by affidavits, that Mr. FREMONT was not born in France, or Canada Having already called in question Col. FREMONT's parentage and religion, it is quite natural that this Know Nothing organ should also endeavor to excite prejudice against the champion of Freedom on the score of his birth place. Democracy indeed holds that a man's fitness for, and eligibility to office, in this Republican Government, are independent alike of his faith, parentage, or place of birth. But the *News*, with characteristic hypocrisy, slanders Col FREMONT's parents, calls in question his religious faith, and seeks to create the impression that he was born abroad. Of course, everybody sees through these rank deceptions, and knows that they are only resorted to because the Buchaneers feel that the contest, upon the real issues of the campaign, is utterly hopeless.

A PATIENT PEOPLE.—The people of Beaver Dam and thereabouts must be a patient, good-natured people. They have a beautiful town full of sober, intelligent, well dressed, well behaved men and women as any town in the land, and the country round about them is a fine agricultural region, studded with beautiful farms, and pleasant homes, occupied by a virtuous, hard-working, thinking people. Last Wednesday there went from and through Beaver Dam bound for Horicon, to a Republican Convention, many hundreds of these citizens, with their wives and children. The Buchanan organ in that place thus speaks of the procession:

"All the filth, gangrenous, sloughy stuff that ever corrupted and sickened society, poured forth at this time, much to the relief of the town." And again, "off they started—hens, cocks, ragtail, bob-tail, rowdies, thieves, pick-pockets, and all the scum of creation."

Abuse from such a source can be no slander.

Let the People Read.

In addition to the Fremont Reading Room opposite the Post Office, where may always be found the very latest newspapers, twenty four hours ahead of the mails, the Executive Committee have determined to light up one corner of the Fremont Camp, corner of Spring and Second streets, every week-day evening, and provide newspapers and campaign documents so that all who go that way may have a chance to read and see "if these things are so." The reading room opposite the Post Office will be open as heretofore, at all hours of day and evening, and is particularly handy for those who may from time to time be detained for their mail, or on other business at that prominent corner.

NEW YORK REPUBLICAN NOMINATIONS.—The Republican State Convention, which met at Syracuse on Wednesday last, nominated JOHN A. KING, of Queens County, for Governor; HENRY E. SELDEN, of Monroe, for Lt. Governor; and CHARLES H. SHERRILL, of Oneida, for Canal Commissioner.

The N. Y. *Tribune* speaks of these nominations as excellent ones, and says that the ticket is as strong in all the elements of popular success and public usefulness, as was ever presented for the suffrages of the electors of New York

Circulate the Documents.

The Executive Committee of the FREMONT Club of this city desire us to say that they are now supplied with *Campaign Documents* for circulation, and all friends of Freedom in the city and country who are willing to distribute can obtain them by calling at the Reading Room opposite the Post Office, or addressing John H. Tesch, or J. R. Brigham, of this city.

DEMOCRATIC DOCTRINES!—READ!

The Richmond *Enquirer*, the leading Douglas and Buchanan organ at the South, holds the following language:

"Repeatedly have we asked the North, 'Has not the experiment of universal liberty FAILED?' Are not the evils of FREE SOCIETY INSUFFERABLE?' and do not most thinking men among us propose to *subvert* it? Still no answer. The gloomy silence is another conclusive proof, added to many other conclusive evidences we have furnished, that *free society* in the *long run* is an impracticable form of society; it is everywhere starving, *demoralized* and *insupportable*. We repeat, then, that policy and humanity alike *forbid the extension of the evils of free society* to new people and coming generations Two opposite and conflicting forms of society cannot, among civilized men, co-exist and endure. The one must give way and cease to exist—the other become universal. If *free society* be unnatural, immoral, anchristian, it must fall and give way to a *slave society—a system as old as the world—universal as man.*"

The Muscogee (Ala.) *Herald*, another Buchanan organ, says:

"Free Society! we sicken of the name.—What is it but a conglomeration of *greasy mechanics, filthy operatives, small fisted farmers, and moon struck theorists?* All the northern, and especially the New England States, are devoid of society fitted for well bred gentlemen.—The prevailing class one meets is that of mechanics struggling to be genteel, and small farmers who do their own drudgery; and yet who are hardly fit for associating with a Southern gentleman's body servant. This is your free society which the Northern hordes are endeavoring to extend into Kansas

The Charleston *Standard*, a leading Buchanan paper of South Carolina, says:

"Slavery is the *natural and normal* condition of the laboring man, *whether black or white*.—The general evil of Northern free society is, that it is burthened with *a certain class of mechanics and laborers, unfit for self government*, and yet clothed with the attributes and powers of citizens. Master and Slave is a relation in society as necessary as that of parent and child, and if the Northern States will have yet to introduce it—their theory of free government is a delusion."

The South Side (Va.) *Democrat*, the editor of which was the Democratic candidate for Clerk of the House of Representatives, thus frees his mind in political matters:

"We have got to hating everything with the prefix of FREE, from free negroes down and up through the whole catalogue—FREE farms, FREE labor, FREE society, FREE will, FREE thinking, FREE children, and FREE schools—all belonging to the same brood of *damnable isms*. But the worst of all these abominations is the modern system of FREE SCHOOLS. The New England system of free schools has been the cause and prolific source of the infidelities and treason that has nursed her cities into Sodoms and Gomorrahs, and her land into the common nestling places of howling Bedlamites. We *abominate the system because the* SCHOOLS ARE FREE."

The MECHANICS and WORKING men of the North can learn from the above extracts in what estimation *they* are held by the organs and exponents of Buchanite Democracy. It would be difficult to find more significant illustrations of the pernicious influence of SLAVERY than the Buchanier press of the South daily furnish.—Their hatred of everything *Free*, be it Free Soil, Free Labor, Free Speech, or Free Institutions, is rapidly becoming chronic.

Maine Election—Summing up.

Returns from all but 71 towns (and these small ones) in Maine, show the following aggregate vote on Governor:

Hamlin, (Fremont)	67,954
Wells, (Buchanan)	43,009
Patten, (Fillmore)	5,995

Hamlin's majority over Wells 21 915, and over all, 18 950!

All six of the Republican nominees for Congress are elected by majorities ranging from *one to seven thousand.*

As to the Legislature, it is thus divided:
SENATE.—Republicans 30, Buchanier, 1.
HOUSE.—Republicans 124, Buchaniers 27.

This is as clean a record as any State has ever yet made. MAINE has proved herself worthy of her proud motto "*Dirigo*"—*I direct.* And as she has pointed the way, so will the Free States follow.

VALUABLE ACCESSIONS.—The Philadelphia correspondents of the New York *Evening Post* says that the Hon. JOHN M. READ, formerly attorney general of Pa., under that sterling democratic governor, SHUNK, and the Hon. WM. M. MEREDITH, secretary of the treasury under that noble soldier, President TAYLOR, have both avowed themselves in favor of freedom and FREMONT and DAYTON. Many other prominent democrats contemn the course of the PIERCE administration in most emphatic terms, and will soon join our ranks. One of them said, a few days since, that he would lose his right arm before he would vote for BUCHANAN and a continuation of PIERCE's administration!

ANOTHER REMONSTRANT.—The Mineral Point *Democrat* refuses, to follow the lead of the Madison *Argus*, Milwaukee *News* and other Barstow organs, in the matter of the Investigating Committee's Report. It says:

Looking upon them in the light of that report, we can but regard a portion of the members of the last Administration as having been recklessly wicked. But much as they abused the positions they held, yet the blackest part of their record is in the fact that they have deceived the friends who gave them honor and station. To ask their party to further support them and their unworthy cause would be too much.

Yet that is precisely the demand that the *News*, *Argus* and other party organs now insist upon. It is the triumph of *Barstowism*, not of Democracy, that they labor for in this State.

THE DISASTER AT CHICAGO.—It is thought that some 14 or 15 lives were lost by the sinking of the ferry scow in Chicago river on Friday last.—Up to dark that evening eleven bodies had been recovered and were identified as those of George Henry Elting, James Carey, John Smith, Michael Magee, Daniel Gleeson, Patrick Conway, Jeremiah Gallaghen, James McDonough, James Mulchay, James Flannigan and one unknown.—The Coroner's Jury acquitted the ferry master of all blame, the accident having been seemingly unavoidable.

Consolidation of the La Crosse & Watertown Railroads!

We learn, by a gentleman who returned from Madison on Saturday evening, that the managers of the Watertown and the La Crosse Railroads met on that day, and buried the hatchet, by a consolidation of their interests. Thus ends, we trust, a quarrel, which could not be but injurious to our city and to all parties. It is thought that the arrangement will have the effect of settling all the collateral issues favorably to the interests of our city, and of the State at large.

ACQUITTED.—Lieut. GROVER, who has been on trial in the Grant Co. Circuit, for killing a deserter from the U. S. service, in the act of desertion, has just been acquitted.

Men and Things in Gotham.

NEW YORK, Sept. 16, 1856.

MESSRS. EDITORS:—Not having seen the *Sentinel* for a month or so, I do not know whether anybody has given you "screeds" from this city, over my name or not; all I can say is that the "original Jacobs" has been as good as defunct, since he had this pleasure last, lost to the world and to renown, but having gained his perpendicular once more hopes to pursue an upright course and keep his reputation for punctuality as inviolable as possible.

Gotham, after her usual musty summer epi-sode, during which she has been overrun by the Goths and Vandals of other latitudes, has waked to life and waxed homelike. The weather of the past August was unmistakably and exactly beautiful, and miserable were the migrating Gothamites shivering where no fires were seen, who could not, for fashion's sake, return to enjoy it. The dolorous breezes, so-called-dog-day-like, have fanned us until now, with all their genteel impudence. Shining moons and golden days are fit accompaniments for autumn's gifts, and the brown nuts, with streaming locks, decked with the radiant trophies of the melancholy time, smile o'er the land, and with her apron full of fruits, seasons wherever she goes, and forgets not us, pick-nicers of luscious grapes and plums, nectarines, pears and peaches. The winds come with a plaintive wail to the sense, as if nature, feeling the last tortures of the wasting year, sighed in anticipation of decay; the hectic flush is on the green, autumn is ours—let us enjoy it while we may.

Each steamboat and rail car comes with a plethora of tired pleasure-seekers, homeward bound.

On the 8th was the opening of all the Bothe-gist halls of fashionable learning, and adjacent thereto occurred a simultaneous letting loose of all the "magazins de modes," that Paris unbottled might bring each gay wanderer back to a sense of her responsibilities eager to behold and to obtain the wonderous feminine concoctions of "la belle France." So education and taste brings New York to her bearings, if not senses, and what wonder is it that now is the gala day of the year, rejuvenated by change, hungry from abstinence, that pleasure fills the cup to the brim, which many shall sip till they do taste its dregs. So the living tide ebbs and flows along Broadway, beauty and fashion once more adorn its "pave," and thousands walk there now who do not walk before. Autumn is with us—let us smile, but gently, not too fast, "*mes votre pleasure.*"

Shall I touch upon politics, lightly? for that subject rages now, and he who don't mention the topic, however averse to the unpleasant theme, do feel slightly excited by it, is worse than *black*. Is it not pleasant to see how the ball rolls on?—the country's rising—hear the cry of "up guards and at them!" from the hills of Vermont and Maine and the plains of Iowa, and all along the Northern land shall spring up from unseen lairs, the soldier, with his harness on, like the clansmen of "Rhoderic Dhu, thick as the leaves of the forest, to answer the brave cry of fight for Freedom. Buchanan and Fillmore have shown their strength abroad already, by torch-light, and giving them all they claim in point of numbers, the effect would have been bad had it been less than it was. Republicanism has made no public demonstration as yet, though the fires burn brightly in her 100 Club Rooms, and an enthusiasm prevails, unscathed to by any but moderate and home talent, which I have not witnessed since the days of "Harry Clay."

On the 24th, Burlingame speaks at Washington Park, having been prevented on the 11th, and the occasion will show a mustering of the clans, which will astonish the "natives," and freshly prove a settler to all doubtful minds waiting for that event.

The Crystal Palace Concert, an unfathomed speculation, but an understood "Fillmore" demonstration, resulted in a majority of the visitors voting for "Fremont."

One of the most important documents of the campaign is the letter which states the intent on of Gov. Reeder to endorse the Republican candidate. The tie which has bound this gentleman to the Democratic party has been of the strongest character, as the intimate friend of Buchanan and the recipient of that party's gifts, nothing but a tried principle has decided him against every personal interest to throw his immense influence in Pennsylvania in the scale of Fremont and Freedom, and those who know say he will carry the "Keystone State" with him.

The influential list of honest men whose card publicly endorsed Mayor Wood for re-nomination, excited much surprise and comment here. It only showed that wisdom is sometimes lacking where it is most expected, and that Boston is not the only place where great men show a political insanity and ignorance, which means for information rendor inexcusable. Our immaculate chief has secured his nomination in the midst of rotons bloodshed, and ballot-box stuffing, such as San Francisco, in its darkest day, never knew.

The shoulder hitters from the Custom House went up "en masse" to aid him on Thursday, but quick retribution followed, and several heads rolled to the ground on Friday, as a warning that Government officials must not aid its enemies.

Henry Ward Beecher has returned from the woods and fields, and the crowds that gather around him by day and night are a sight to witness. Occasionally in the pulpit he attends to political matters, in a way that leaves an indelible impression without giving offence, but it is a mistaken notion that his sermons generally are of this character, nine out of ten being powerful orthodox Bible discourses, original and oratorical, but strictly scriptural.

The annals of city crime show daily a bloody page. How long murder and violence unatoned will continue, God only knows, but the record is fearful and hardening to the heart in its effects, till crimes of the first magnitude lose all impression on the public mind. Can a community sink to a lower level than such a state of things exhibits! One man was beaten to death last week for offering one cent too little in payment for a glass of liquid damnation; another stoned to death for driving off rude boys interfering with his peripatetic street operations; another received a blow from a brick while walking in a Fillmore procession. He died, too; and these are but drops out of the bucket, which is always full here.

The trade sales of the Book Publishers' Association is going on, but the attendance is not very large. Phillips, Sampson & Co.'s invoice from Boston is the largest, and comprises some 35000 volumes.

The neighborhood of the Broadway Theatre has been the scene of considerable excitement for some days past, owing to the digging operations next door, of Bowen & McNamee. Those who expect to see larks drop and catch them when the skies fall, have diligently watched the widening of each crack, and awaited breathlessly the grand crash of the drama's Temple, while nothing but a triangular section from the side has as yet gratified the gazers. From that office poured out in colored confusion the sacred hidden glories which exist behind the curtain; cloud capped towers and gorgeous palaces, the homes of Kings and heroes who strut for a brief hour on the stage, were made visible to the vulgar eye, and looked garish in the sun-light, robbing effectually from the topic all the poetry it possesses in the eye of the uninitiated.

"Lyster," the fillibuster who corbided one of our city editors sometime since, has been sentenced to 20 days imprisonment in the city prison, for the offence; but the oddest part of the affair was the Recorder's reason for the lightness of the punishment, it being his opinion that that length of time was a greater ignominy to one of Mr. L.'s position, than double the time would be to a poor devil without station or friends. Most discriminating judge, how thou dost become the ermine

About these times target companies break out and military parades of all kinds, filling the air with music, and making the ground tremble beneath their martial tread. Great preparations are making for the annual Firemens' Parade.—The show will be worth a comment.

On Saturday the great boat race comes off on Charles river, Boston, between N. Y. and the St. John's boatmen. Our rowers who were beaten on the same waters at the 4th of July regatta, have left for the contest, and hope to regain the laurels they lost before.

The Chicago fire company, "en route" home from the New Haven parade, gave our red shirts a touch of their quality in the park, and attracted a good deal of attention.

In the cricket world matters have approached a climax, and the past few weeks have witnessed two spirited contests between the rival clubs here, in the latter of which the "dragons" for the first time in three years, beat their powerful opponents, and in one innings. Following that came the grand match between Canada and the States, the finest show of cricket this country has yet seen. Philadelphia contributed two stars to the 11, while Canada had to leave behind several of the best bats. The sight was splendid in the extreme; the weather all a cricketer could wish; the crowd vast and enthusiastic, and the play scientifically beautiful. The States were strongest in batting and bowling, and though their fielding was first rate, it was eclipsed by the masterly ability of the Canadians, who however lost the match. Conspicuous among them was the gallant Capt. Lousada, one of the heroes of the Redan, and every inch a soldier in appearance also Pickering, formerly of the 11th of England, and the umpire, Mayor of Toronto, and the model of a city magistrate.

For musical, literary, and dramatic items I must refer you to my next. VIDA.

For the Sentinel.
Coal from Michigan.

The Coal Fields of Michigan lie almost directly opposite Milwaukee, occupying the surface in the centre of that state for about nine thousand square miles. The completion of the Detroit and Milwaukee Rail Road will open this coal to us and add another very important element of growth and prosperity, not only to our city, but to all points of Wisconsin lying on, or near the lines of railroads centering in here. Cars may be loaded at the mines and transported without change to Milwaukee, and thence to Madison, Watertown, Beaver Dam, &c., and this will be the cheapest source of coal for all these places.

These coal fields have been but little explored, but enough is known to show their very great value and importance. Samples have been recently sent to Detroit to be tested and compared with the coals from other localities. The following are some of the results: Mr. E. B. Ward used it in running his steam boats on two trips, and reports that it burnt freely, emitting a great deal of flame, and raising steam rapidly; that it was reduced to ashes without exhibiting any evidence of sulphur, or leaving any slag or clinker, or making any impression on the grates of the furnace, which after the experiment, were left as free from any adhesive matter as if wood had been burnt. At the Biddle House it was tried in the gas-works, and found to yield as much gas as any other domestic gas used for the purpose, and its luminous qualities exceeded any other gas there manufactured. For domestic use it was found to give a clear and brilliant flame, and the coke (after the bitumen was burnt out) made a permanent and hot fire, more so than any other coal used in that city. It left but an inconsiderable amount of ashes.

We have here great additional inducements to hurry up this important Railroad. When coal of this quality is as cheap at Milwaukee, as at Cincinnati and St. Louis, manufactories of various kinds will soon spring up. The Dodge County Iron Ore will be smelted into pigs—an item that may be as common with us as at Cincinnati, though of a different quality.

I. A. L.

A Well Merited Compliment.

The political affairs of Wisconsin, during the last two or three years, have excited unusual attention in other States, and we frequently notice in our Eastern exchanges extended comments upon the men and measures concerned in the affairs of this State. The following, which has been crowded out for some days past, is a well earned tribute to a most excellent man, our present chief magistrate, from the Cleveland *Leader*

Wisconsin—Coles Bashford.

Our readers cannot but remember the great contest that took place last Fall in Wisconsin between the Republicans and Border Ruffia Democracy. Through one of the most gigantic frauds ever attempted to be perpetrated upon the rights of the sovereign people of the State, Barstow usurped the office of Governor, to which he clung until his claims to said office were declared null and void by the Supreme Court. The testimony elicited during the trial unmasked the villainy and treacherous designs of the Democrats by which it was attempted to disfranchise the people and elevate Barstow to the Governorship. A more stupendous crime was never concocted or more signally foiled, for the people were roused in the majesty, and a just and righteous tribunal ousted the usurper and gave Coles Bashford the office to which he was justly entitled, and from which he was deprived for a time through fraud and usurpation. Every attempt that ill-gotten means, or devilish ingenuity could suggest, was made to defeat the ends of justice, by the Barstowites, and their unprincipled villainy was only exceeded by their unscrupulous audacity. But the right triumphed, and after a struggle almost unparalleled in the history of our country, Coles Bashford occupied the Gubernatorial Chair, and Barstow left in shame and disgrace.

The demeanor of Gov. Bashford, through the exciting contrast, was worthy of a Cromwell.—Unmindful of threats, above the contumely and scorn of his assailants, strong in a righteous purpose, unflinching in his just demands, and fully aware of the great stake at issue, he went on, sternly and boldly, until fraud was unmasked, villainy defeated, and the cause of truth, freedom, and the purity of the ballot-box triumphed. Never was a man subjected to a severer test, and never was truer mettle or purer character exhibited, and Coles Bashford won not only the plaudits of friends, but the admiration and respect of honest political opponents. The result of this memorable struggle has been to make Wisconsin throughout Republican, and we predict that so will speak, in thunder-tones, in November next, for Freedom and Fremont. In no State has a greater revolution taken place in popular sentiment, and to no one person is this favorable change to be ascribed more, if as much, than to the worthy Governor.

A DESPERATE RESORT.—The Madison *Argus*, chief organ of the "Forty," attempts to make capital against the Report of the Investigating Committee, by printing in displayed capitals the following paragraph from a letter of Senator Sholes, republican, to his paper, the Kenosha *Telegraph*:

"If I should give credit to everything I hear, I should conclude that the doings of some members of the investigating committee would warrant the appointment of another committee to see what they have been about."

Very well; that was written *before* the Report appeared. *After* its appearance, Mr. Sholes writes as follows:

With reference to the results of the investigations, rumor seems scarcely to have exaggerated the facts of the case. I had really supposed heretofore, that no small amount of this cry for investigation and against "Barstow and the Finance," was occasioned by mere partizan antagonism, and thought that investigation might show some looseness and carelessness, and perhaps abuse of discretion, in the management of affairs, but nothing further.

Mr. Sholes proceeds to give several of the affidavits on which the report is based, and then adds:

Comment on the above seems scarcely necessary. If we should use a ream of paper by way of elaboration, we have some doubt whether we could convey a more vivid picture of the remarkable state of things which has prevailed at Madison for a few years than do these affidavits. The people, by their aid, will have the whole Barstow administration before them at a glance, in its details as well as in its generals.

Won't the *Argus* be good enough to publish also *these* extracts in large capitals?

From the Pittsburg Gazette, Thursday.

100,000 FREEMEN IN COUNCIL.

PENNSYLVANIA SAFE FOR FREMONT.

The Working Men and the Masses of the People Aroused.

IMMENSE FREMONT CONVENTION.

Yesterday was a great day in Pittsburgh. It witnessed one of those remarkable displays which can only occur in a free country, where the people select their own rulers, and give expression to their will in the management of the Government.

Yesterday was the day appointed for the Mass Convention of the friends of Fremont in this and adjoining counties, and it is but a faint expression of the reality to say that it was successful, even beyond the most sanguine anticipations of the warmest friends of the cause of Freedom. We expected a good Convention, a large outpouring of the people, but we had no conception of the reality which met our astonished gaze.

We shall not pretend to give a description of the vast crowd—of the wonderful enthusiasm—the magnificent procession—or of the numerous and most eloquent speeches. Our reporters will do their best to give our readers some faint conception of the wonderful scene, but after all they can say, not one-half will be told. It would take a volume to describe the wonderful procession alone, with all its numberless banners and mottoes, its quaint devices, its rich jokes, its amusing caricatures and its keen sarcasms.

In one word, it was the greatest political Convention of the people, ever held in Western Pennsylvania, and probably in the State, whether considered in respect to its numbers, its enthusiasm or its brilliant display.

The Harrison Convention of 1840—justly considered the greatest demonstration of its kind—was literally nothing in comparison with it.

Great numbers of people arrive on Tuesday, but on Wednesday morning every avenue leading to the city, from every point of the compass, was crowded with every description of conveyance. The Western trains brought in, altog. ther forty six loaded cars, and the other railroads equally crowded.

By ten o'clock the streets were densely packed with people, and presented a most brilliant scene. The windows of every house on the line of the procession, were crowded with ladies waving banners and handkerchiefs, and the streets presented a beautiful appearance, from the decoration of flags and mottoes.

The procession was formed a little after ten o'clock, but the last of it did not arrive at the grounds set apart for the Convention until after two o'clock P. M. Take it altogether it was the most extraordinary procession we have ever seen. Nearly every profession art, trade and employment was represented. The stalwart blacksmith was hammering out his iron, the carpenter was pushing his plane, the moulder was preparing his moulds, the engine-builder was turning his lathe, and driving his rivets, and so on through all the trades; while the printers were busy scattering the fresh printed sheets in the crowd. The steamboat-men, the boat-builders, the draymen, and the butchers, made magnificent display. Time fails us, however, to enumerate the wonders of the procession.

It was nearly three hours in passing the corner of Smithfield and Fifth streets, where we stood the whole time. Its march was at about the rate of three miles an hour. This would make the procession from seven to nine miles long, and this we think is very near the reality. There were over seventeen hundred horses, about four hundred wagons and vehicles of all kinds.

The grounds set apart for the Convention, were the North Commons, Allegheny. Four stands were erected, and speaking was kept up at all of them. There was no shade and the dust and heat were dreadful. Notwithstanding these drawbacks, it is not exaggeration to say, that fully *one hundred thousand people* visited the grounds during the afternoon, and the stands were always surrounded by as many as could hear. If there had been any shade, or the weather had been less oppressive, the crowds would have been larger.

The city throughout the day presented the aspect of a joyous holiday. Great numbers of stores and shops were shut up, the work was suspended on new buildings, and the manufactories were closed.

Take it all in all our Convention was a great success. It has cheered the hearts of the friends of Freedom, and carried many into the ranks of the pro-slavery party. The procession gave unmistakable evidence that the working men, the mechanics, the farmers and the laborers are with us. Only one week ago, the Buchanan men after the labor of weeks, held a Convention, and their procession contained only some fifteen hundred persons, with a few banners and flags, but no exhibition of trades, or manifestation that the masses were interested in their cause.

The friends of Freedom have every reason to take courage. Their cause is just and the people are with them. A few weeks more spent for the cause of the country and humanity, and the victory is won.

The K. N. and Buchanan Allies.

The Buchanan and Know Nothing leaders in New York, New Jersey, Pennsylvania and other Northern States, are doing their best to effect a fusion of their forces, in the vain hope of thus stemming the political current, hourly increasing in strength and volume, which is to bear FREMONT triumph to the National Capitol. The Pittsburgh *Gazette* says:

"A copy of a pamphlet is scattered broadcast over the country, bearing the official frank of Wm. Bigler, U. S. S." With this endorsement upon its back it is presumable that this is a Democratic document; yet on opening it, we find it contains Mr. Fillmore's speech at Albany, a labored appeal in behalf of Fillmore, and a bitter attack upon the Union State Ticket! Now, one of two things is certain, either Buchanan has sold out to Fillmore, in this State, or there is an arrangement between the two by which the whole official aid of the Buchanan party is to be thrown to the Fillmore party as a means of helping Buchanan."

While the loving alliance between the Know Nothings and Buchaniers is being arranged in the Key Stone and Empire States, here and in other portions of the North West, the Buchanier organs are raising a hue and cry against the Republicans, as identified with the Know Nothings. The cheat, however, is too transparent to deceive anybody. It is the old dodge of crying "stop thief," to escape detection.

The Maine Election.

Our democratic organs are laboring hard to figure up a little cold comfort from the results of the late terrible Maine election; but we do not see that there is even a crumb of consolation to be gathered from the following aggregate vote for governor in 1856, as compared with that of 1855.

	Republican.	Democrat.	Whig.
1855	50,581	47,154	10,238
1856	67,681	42,745	6,995
Gain one year	16,600	Loss....4,408	Loss....3,493

Here we have a clear gain to Fremont of over 16,000, a dead loss in the democratic vote of over 4,000 and a whig loss of over 4,000. Both put together and added to the vote of Hamlin, and we have still a gain on his side of 8,000 unaccounted for. This is the reserved corps coming to the rescue, and the young men just coming out. We have no doubt that Pennsylvania will tell the same story in still heavier peals of thunder. The old reserves and the new recruits are all coming out this time.—*N. Y. Herald.*

CHARLESTON, Sept. 19th.—There were 16 deaths from yellow fever in this city last week.

NEW YORK, Sept. 19.—Lorenzo B. Shepherd, corporation attorney and chairman of the democratic general committee of this city, died suddenly this morning while taking a bath.

The great race between Lantern and Prince for $10,000, in two mile heats in wagons, came off yesterday afternoon over the course. Lantern won. Time, 5 17 1 2, 5.22 1 2, 5.28.

WHEELING, September 18.—The Virginia Republican State Convention was held here to day, and the Fremont Electoral ticket was nominated There was no disturbance.

ST. LOUIS, Sept. 19.—Gov. Geary's Inaugural was delivered at Lecompton on the 11th and was published here this morning. It is brief and pointed. It deprecates the continuance of strife and disorder now prevailing in the territory, which, Gov. G. says are the result of illegal and unjustifiable interference by citizens of the other States, and promises to do justice without partizan considerations, and expects an obedience to the laws of the Territorial Legislature until repealed.

A proclamation was also issued the same day with orders for the volunteer militia to be immediately discharged, and commanding the armed bodies of men to disband or quit the territory.

PISTOLS *vs.* CANES.—The Cincinnati *Gazette* of the 18th says:

AN Mr. Read, editor of the Commercial, was passing the Enquirer office yesterday, Judge Walker, of the latter paper, who happened to be stepping into the street, saluted him in a menacing manner, and approached with an uplifted cane. Mr. Read drew a pistol from his pocket, presented it at Mr. Walker, and invited him to "come on," whereupon the latter retreated into the office, and took shelter behind the door, where he also drew a pistol from his pocket—but no shots were exchanged! Canes are one thing and pistols quite another.

FROM KANSAS.

Gen. Reid Marching against Lawrence With a Force of 500 Men! Rickardless of Gov. Geary or Gen. Smith.

The latest we have from Kansas is the following important information contained in the Lexington Express of the 13th, which says "we have little or no news worth relating, and especially little that is encouraging to the South. Gen. Reid, a bold and intrepid officer, from his camp on Indian Creek, proceeded to Cedar Creek, and on Thursday morning last proceeded thence, it is supposed, to co-operate with Gen. Richardson, who is commander-in-chief of the Territorial Militia. Reid is said to have with him about six hundred men, and at his conjunction with Richardson, it is supposed the combined forces immediately proceeded to Lawrence.—Whether a collision has followed or will follow this movement, it is impossible to say, as a large body of United States troops are understood to be in the neighborhood of Lecompton and Lawrence.

The following letter from Major Veitch informs us that Gen. Reid proceeded from Cedar Creek direct to Lawrence.

CAMP AT SHAWNEE MISSION, }
September 10, 1856. }

Messrs. Editors:—The army of law and order is again on the march to Lawrence, numbering by the muster rolls of yesterday, 536 men, and two pieces of artillery.

There is no longer any difference of opinion amongst gentlemen about the propriety of establishing emigrants from the south who have been driven from the territory by Lane and his associates. We upon the border have insisted and urged men to settle in Kansas, with a view of making it a slave State, and there are at least 100 men in this army who came here to settle, bringing with them their plows, who are now fighting their way with the sword, as settlers in the territory.

We hear contradictory reports concerning the views of the new Governor Geary; one is that he is favorable to our cause and is determined to use all his influence for the arrest of Lane, while other reports report him as secretly sympathizing with the free State party in all its encroachments.

His views, however, whatever they may be, do not affect our movements. We shall go to Lawrence, regardless of Geary's views, or those of Gen. Smith, commanding the U. S. forces at Leavenworth No sickness in camp. Much complaint that Lafayette is doing so little in the way of men.

We move from here to-morrow, direct for Lawrence. Yours, &c.,
DAN. A. VEITCH.

—*Missouri Democrat*, Sept. 18.

Keep It Before the People!

That the last *Democratic State Convention* which nominated Wm. A. Barstow for re-election also appointed delegates to the Cincinnati National Convention.

KEEP IT BEFORE THE PEOPLE,

That those delegates were of the ultra Barstow stripe—such as Sat. Clark, George B. Smith, Beniah Brown, Samuel Crawford, and the like.

KEEP IT BEFORE THE PEOPLE,

That those delegates were accompanied to Cincinnati by Wm. A. Barstow; and that they traded their votes in Convention for James Buchanan *on a promise that they wing of the party should have all the offices and appointments in Wisconsin!*

KEEP IT BEFORE THE PEOPLE,

That in consequence of this corrupt bargain, every Barstow paper in the State is ultra and ferocious for Buchanan, on the acknowled ground that the old and respectable portion of the party are, by his success, to be cut off from any and all offices under the control of the President.

KEEP IT BEFORE THE PEOPLE,

That in pursuance of the plan of Barstow and his set, *every nominee for Congress* in the State is, or is to be, of the ultra Balance stripe; and as the appointment of every postmaster and officer made on the recommendation of the party members elected, they claim a *sure and certain thing*, if Buchanan succeeds

KEEP IT BEFORE THE PEOPLE,

That, in pursuance of this presumed *certainty*, they have already, in private conclave, parcelled out all the important offices in advance; therefore,

KEEP IT BEFORE THE PEOPLE,

And thunder it in the ears of every voter, that the election of James Buchanan, secures to the Forty, whose acts of robbery and embezzlement have astounded the whole community, *the entire and exclusive control of every appointment in this State, under the General Government, for four years to come*; and that every vote cast for Buchanan is *a vote to perpetuate the dynasty of Barstow and the Balance in Wisconsin.*

Every vote for Buchanan is an endorsement of School Land robbers—School Fund embezzlement—and of the defalcation committed by this set, in the name of democracy.

Every vote for Buchanan is an endorsement of Geo. B. Smith, as agent of the National democratic committee, in this State, to levy black mail for party purposes—to distribute lying electioneering documents—and to bribe voters from a course dictated by public honor and the best interests of the State.

Every vote for a *democratic* nominee for Congress this year, is a vote to sustain Barstowism—as each and every one of them have been and are his constant vindicators and apologists.

Every vote of every democrat, who is not in and of the Forty interest, is a vote to cut the throat of every honorable man in the party, and to perpetuate the rule of audacity and crime.

Every vote for a democratic nominee for the Legislature, is a vote to make Wm. A. Barstow United States Senator.

Honest, worthy men, who are disposed to swallow Buchanan *and his platform*, pause and reflect! What have *you* to expect from the entanglement? What hope can you have of good government—of honest dealing and fair treatment—of low taxes—of economy—of anything honorable or decent, by perpetuating directly or indirectly the rule and triumph of Barstow in Wisconsin?—*Madison State Journ.*

CIRCUIT COURT, SEPT. 20.

JUDGE RANDALL PRESIDING.

The Grand Jury made a number of presentments on Saturday; they will probably adjourn to-day. No business of much importance was transacted besides in Court.

SERVING HIS OWN INJUNCTION.—On Saturday the schooner *Union*, Capt Williams, passed through the Cherry St. Bridge, the bridge having been cut to enable the schooner to pass through. An injunction was pending the matter of obstruct ng the navigation of the Milwaukee River, by the absence of a draw in this bridge.

Mr. Chapman owns the tannery above the bridge, and has concluded not to go round with his bark any longer. On the 26th of last August, the *Union* passed through the bridge, opened by city authority, to allow a pile driver to pass up, drawing seven feet of water; was towed up, and both tug and schooner found plenty of water to wind above the bridge. After this, a gang of hands was set to work, by the city authorities, to place heavy timbers across, to close the draw of the bridge; but they could not stop the *Union*, with a Welshman for a commander.

☞ Gold has been found in the dirt taken from the excavation for a house in Austin, Texas, and also from the digging of a well.—*Exchange.*

And copper has been found in grading in the city, about 8 feet under the surface, near the corner of North Water and Hamilton sts. Mr. P. C. HALE brought us, yesterday, a piece of "float copper," pure metal, weighing about 35 pounds, found there.

HARPER FOR OCTOBER.—MCSORLEY sends us an early copy of the October number of this popular magazine, filled with its usual interesting variety of articles, several of them illustrated. HARPER keeps up its reputation admirably, and is one of the established institutions of the country.

H. W. AVERY, of the Post Office News Depot, also sends us the number.

CITY FIRE INS. CO., HARTFORD, CT.—See Mr. HOLLAND'S advertisement, as agent for this new company. The names of the President and Directors are a sufficient guarantee of its responsibility, so far as we know them.—The President enjoys a wide and favorable reputation among Insurance men.

"THE METROPOLITAN" is out again with a detailed announcement of the condition of the various departments of Dry Goods to be found there. The numerous customers of CHANDLER & JENNINGS, will find an attractive card to them in our advertising columns, and all the world besides may look at it gratis.

HEAVY CLEARANCES OF WHEAT TO OSWEGO.—On Saturday, five vessels cleared for Oswego, loaded with wheat. The amount of their cargoes added up makes *seventy-four thousand five hundred bushels.*—We doubt, whether from one port, and in one day, there has ever been as large a shipment of wheat to Oswego as the above; the whole of the wheat was a fine sample.

DARD—OR DERAD.—Passing down East Water Street on Saturday we observed on the door post of a book store, a large poster, with the likeness of JAMES BUCHANAN on it, and on the poster, just below the likeness, was the word DARD. For! aps it was fancy, but the old gentleman looked *to us* very much as if he did—*dread* the result.

FIRST STEAM VESSEL THROUGH THE STRAIGHT CUT.—The tug boat *Tiff*, Capt. Tashorner, p ssed through the Straight Cut on Saturday; she was drawing 7 feet 6 inches of water, and went clear of the bottom.

CIGARS, &C.—ELLIOT BRO'S. machine turns out poetry of the most remarkable kind, but, however good, it is nothing to the flavor of the cigars to be found there. Try it and see—or smoke, which will be as well.

ASSIGNEE'S SALE.—See notice in our advertising columns of an Assignee's sale of goods at store No. 28 Spring Street.

SIXTH WARD FREMONT MEETING.—The friends of Freedom and Fremont, in the Second and Sixth Wards, hold a meeting *to night*, and will be glad to see their fellow laborers from other Wards at their gathering.

THE REASON, WHY.

Said Dick to Jos, "'Tis really strange,
How you succeed so well
In pleasing all the pretty girls;
The secret please to tell.

I dress with equal care and taste,
Make the money fly,
I promenade and twirl my cane,
And smile, and often sigh.

I look my best—you do no more—
My smile does yours excel;
Yet I am down while you are up—
The secret you must tell."

Dick, smiling, answers, "Ah, my boy,
The reason's very plain;
While you are smoking German grabs.

I always make it a point to purchase my Cigars at the store of ELIOT BROTHERS, Who have the reputation of keeping the best imported brands. These, as a matter of course, please the ladies, for they like the fragrance of a good Cigar. You will do well enough if from poor Cigars you will abstain."

The Sheboygan Steam Mill, on and near the mouth of Sheboygan River. The Sheboygan Water Mill, one mile from the mouth, with dwelling houses, barns, &c. At Duncan a Pier is erected, extending out to a sufficient depth of water to accommodate any vessel navigating the Lakes. This is admitted, by navigators, by reason of the bay and Pier, to be the best Lake Harbor between Detroit and Chicago—it is a desirable Wooding and Coaling Point, being on the direct route for Propellers and sailing vessels. This property is desirable as a point at which a town must soon grow up, as the country back of it is fast filling up, for many miles, with settlers.

The Sheboygan Water Mill has the entire power of Sheboygan River, a never failing stream of great volume, which never freezes; the dam being at the falls of the river, is easily kept in repair. This is the most valuable water privilege in the State of Michigan, north of Grand Rapids.

To a company or individuals, desirous of entering into the lumber trade, this property offers rare inducements, with a certainty of greatly increased value in a very few years, and will be sold much below original cost, or present value, to close a concern.

For terms, which will be accommodating, apply to JOHN A. DUNCAN, Executor, &c.

CALEB WALL.

City Auction Room and Land Office.

A VALUABLE new Brick House and lot, Seventh Ward, on Marshall st., to be sold at public auction on Thursday, October 3d, at 10 o'clock, for cash, or a portion of the money can remain for a short time. The house is entirely new, finished last fall, and is complete in every particular. On the first floor there is a large hall, two large parlours, sitting room, library room, dining room, kitchen pantry. Second story, five large sized chambers, third story or attic, three bed rooms. All the rooms are furnished in the best and latest style. The house is lit with gas throughout; it is also finished off with shaded grounds, &c., &c. In fact it is very compact and convenience about the house one wants or desires. It was built in the very best of manner. It was not built to sell, but owing to unforeseen events, the owner is compelled to sell it, owing to other arrangements and engagements which he has entered into. The said house is the one immediately north, joining to Wm. B. Hibbard, Esq., on Marshall st. It is useless for us to say that Marshall st. is one of the pleasantest and handsomest streets in the city of Milwaukee, and there is no street where property is so valuable and the neighborhood so desirable. The grading of the streets, and the paving of the gutters is all completed. In a word, it is a very choice place, and it must and will be sold for it has to be sold and that for cash. So all who want a good home in a good neighborhood, attend the sale. A few days will be given after the sale the sale to allow the purchaser to raise the money which, if he wants, he, *no doubt*, can easily do, by giving a mortgage on said property. But five per cent. cash will be required to be paid down, at the day of sale.

City Land Office.

GREAT SALE of valuable Lots in Wright's Addition, joining Sherman's Addition, in 8th Ward; it is well known, (and those who do not know it ought to know it) that there is no part of the 8th Ward filling up so rapidly and permanently as Sherman's Addition; all along Third street, up to where Wright's Addition commences are stores of various kinds, and it is a best all location, not to be surpassed. In fact, there is no property, in my opinion, which is now offered for sale, which holds out such inducements for those who want to secure themselves a home, and those who have money to money to invest, as the Lots in Wright's Addition. I remember that Wright's Addition commences on the next street above Dearborn street in Sherman's Addition; another fact, *the Lots in Wright's Addition are* full, all fashioned sized lots, which are now offered for sale, will, in a few day, have plats of said Addition, which can be obtained at my store. The sale of said property will take place on Tuesday, October 6th at at 10 o'clock, at my store.

The terms are as follows:
¼ cash, balance in 1 and 2 years at 7 per cent interest, or, ¼ cash, balance in 1, 2 and 3 years, at 8 per cent int., or, 1-3 cash, balance in 1, 2, 3 and 4 years, at 10 per cent interest.
Persons have their choice of terms.

Office 230 East Water Street, 2 Doors South of Walker House.

AMONG the extensive amount of Real Estate I have for sale, I would respectfully call the attention of those in search of a largely paying investment to an "out lot," of 20 acres. Said lot is situated one mile and a half West of the city, and besides being handsomely timbered, commands the most beautiful view of the city, lake and harbor. The location cannot be surpassed, and on the whole, this tract of land is unequalled in the county of Milwaukee, for beauty and availability. Land, the same distance North of the city, is selling at from $200 to $400 per acre, and there should be no reason why the land I offer should not be more valuable, on account of the superiority of location and view. I will sell it, however, at *about half* the above figures, or exchange for city property.

BAYLIES & LINCOLN'S

Milwaukee Commercial College

212 and 214 East Water St.
MILWAUKEE, - - WISCONSIN.

THE proprietors of the Milwaukee Commercial College would respectfully announce that the liberal patronage that has been extended to this deservedly popular enterprise has led them to extend the field of study, so that it will embrace every branch of a thorough Commercial Education. As there are no classes formed in any department of study—thereby so subjecting the student to enter any time, each one receiving separate instruction—the student, on entering, is placed in the Counting Room, in actual transactions to work from, thus making it a education not merely theoretical, but practical to the last degree. The Commercial Course comprises Book-Keeping by Double Entry, in its various forms, as adapted to Wholesale, Retail, Commission, Manufacturing, Custom House, Banking, Railroading, Stock partnership, and Compound Company business, Commercial Calculations, Exchange, Percentage, Mechanics, Basic and Regular Discounts, Averaging, Accounts by Simple and Compound Equations, &c., according to the most approved methods. Commercial Correspondence, including account sales, account current, trade bills of exchange, &c., &c.

Also, a perfect system of detecting Counterfeit Bank Notes, will be given to each student.

Ornamental Penmanship, guaranteed to every person completing a full course.

During the Season Lectures on Commercial Law will be delivered by eminent legal and business men, and no pains will be spared to make this department particularly attractive.

The Reading Room will be supplied with the Various Daily and other papers and periodicals.

Particular attention will be given to Ladies who may wish to acquire a business education, and separate rooms have been beautifully fitted up for their use.

Merchants and others in want of business men are informed that, at any time, by a few days' notice, they can be supplied with competent Accountants, and young men will be assisted in procuring situations when desired.

For terms and other particulars, please address

THE EAGLE
STEAM FOUNDRY!
—OF—
TURTON & SERCOMBE,
295, 298, 300, 302 and 304 West Water St.

IS STILL IN FULL BLAST, WORKING DAY AND night to supply the daily increasing wants of the Badger and other States.

In order it is better to do this, the proprietors have erected a large brick Foundry in addition to their former premises. They have added to their stock of Tools a large Planing or Shaping Machine, three Lathes, and a Machine for making bolts, and are now putting in a Steam Engine of — horse power to drive the whole, thereby adding to the former facilities for the successful carrying on of the Foundry, Machine, Engine and Blacksmithing business. They never were in a better position for doing business, and

in any department.

In regard to the character of the work got up by this

The Oldest Establishment in the State

the Proprietors refer to that in successful operation through the country as their best recommendation, as it can speak for itself. All they can say is, that they are both PRACTICAL MECHANICS, and know how work should be done as well as the next man.

They continue to manufacture FLOUR and SAW MILL GEARING, and STEAM ENGINES, on the most approved principle.

They have always on hand a large stock of BRASS WORKS, such as GLOBE and OIL-SIDE COCKS, OIL CUPS AND CLOCKS, and STEAM WHISTLES. Also TURTON'S FILES, which they will sell at the lowest cash price.

They are the Agents for EASTMAN'S PATENT SIX SPRING, which are well worth the attention of all those who use Steam Engines.

In conclusion, they invite a continued share of the patronage of their old friends, and solicit a call from all those in want of Saw or Flouring Mill Work, assuring them that no exertions will be spared to render the Old Eagle worthy of the reputation it has already gained.

Their motto is, "Resolve."
